

WE ARE REPRESSED

Help, I'm being repressed!

My advisor is really mean. I am being treated so unfairly, like a lab rat. My advisor only pays my health insurance. I barely have enough money to buy that 20" LCD for my dual P4 computer.

Let's face it. If we do not have a "voice" now (because we do not use our vocal chords) do we really think that we will have a voice with a union? We have a jury of our peers in the current arbitration setup. Will you honestly feel more comfortable talking to a "neutral 3rd party" arbitrator? And will that really help maintain your relationship with your advisor?
