

CASE CLOSED

Next year I think I'll try taking down our own posters instead. Maybe that will help us get more votes.

Thanks to all the anti-union supporters who did not give up postering. Thanks to those who helped me put up these spoof posters, even though 80% were taken down or hidden within an hour of them being posted. Your labor was not in vain.

This poster was made by 5am Productions. No graduate students were harmed or charged 1.15% of their income to create this flier. Please do not take this down. If you want a copy, email closed1@drakos7.net
